Baltimone, July 6, 1852.

Messrs. Mortimer & Mowbray: Gents: Last September I was attacked with crysipelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was billous pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCtried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCtried many and various remeits, which is a divised me to try DR. HAMPTON'S VEGETABLE TINC-TURE, and precured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottle, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine.

**Messrs. Tyler & Adair: I have been afflicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day on right; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and art real without receiving one value. I was attacked to the country of the country ternal and ext rnal, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; last advised to try HAMPTON'S VEGETABLE TINCLUME; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stemach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. PORTSMOUTH, (Va.,) Aug. 18, 1861.

Mr. J. E. Boush—Dear Sir: Whi e I sm in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

HAMPTON'S Vegetable Tincture always WILLIAM T. EVANS. KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HARVESTER

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I's utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, eatch all the heads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that every farmer will have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KEYS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J., September 4, 1851.

We, the undersigned, do certify that we have seen Mr. Krauser's Patent Clover Harvoster in operation, and it has griven perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—it is all that Mr. Krauser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

JAMES D. THEMERMAN, JOSEPH DEWALD, WILLIAM P. GARWOOD, WM. C. NICHOLSON, JAMES B. COOK, JAMES BRESON, CHARLES LEWIS, PETER H. JONES. THOMAS TUMBLESON,

This is to certify that Mr. G. J. Naylor has gathered clover off of a sixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one peck of seed. I gave him two-thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.
NEHEMIAH NICHOLSON.

The following points out the profitable nature of the Harvester:

KRAUSER'S PATENT CLOVER-SEED HARVESTER.—
We have conversed with a number of Farmers, and they are
of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield
from 1½ to 3 bushels. Reducing it to a certainty of yielding
but 1 bushel per acre, what will it cost to gather and thresh
1,000 acres?

,000 acres?
This Harvester will gather 12 acres per day. At 8 acres per day, it will take 5 harvesters 25 days, at a cost of \$150
Threshing. 200

culation.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.
